Once you are signed up you can log in and check on your referrals and see who signed up and how much income you earned as a result of the referral by going here:

WHAT IS AN AFFILIATE?

An Affiliate is a user who will share a link that leads to a section on the Let's Get Your Book Published page and ultimately takes a percentage of the profit made off of anyone who clicks on that Share Link and completes a purchase on the site.

The Affiliate User can present a Share Link to their audience through Facebook, Twitter, Youtube, etc.

The Affiliate User will take a percentage of each sale made from anyone who clicks on that Share Link and completes a purchase on your site within 30 days and using the same browser.

SHARE LINKS

Nicole and the Let's Get Your Book Published program will create Share links for you to share with their audiences. These Share Links will place a cookie on the prospective customer's

browser for 30 days. As long as the customer purchases from the Let's Get Your Book Published site using the same browser and the purchase is made within that 30 day time period, the transaction will be counted as an Affiliate transaction.

AFFILIATE DASHBOARD

The Affiliates Dashboard shows an overview of how your Affiliates are performing:

- **Click:** The overall click count from all of your Affiliate Share Links.
- **Form Submissions:** The number of opt-ins tracked through your Affiliate Share Links.
- **Conversions:** The number of purchases tracked through all of your Affiliate Share Links.
- **Conversion Rate:** Overall clicks divided by overall conversions.

PAYOUT FOR SALE

The Let's Get Your Book Published program is paid out at 20% and all other referrals are paid out at 10%. When the affiliate is set up you will be guided to insert your paypal payment.
